# ABOUT US

The Oriental Group, established in year 2007 and led by a dynamic team of highly motivated young professionals, is dedicated to providing sustainable solutions for complex facility management challenges. Our organization excels in delivering essential business support services, adding value at every step of the facility management journey and enabling our clients to focus on their core business.

Commencing as a modest venture in 2007 in Mumbai, Oriental Group has evolved into a nationwide presence, operating in over 20 states and 100 major cities across India. With a workforce of more than 6,000 trained manpower, we serve diverse sectors, including both public and private. While our headquarters is located in Mumbai, we have strategically positioned regional and satellite offices to cater to various geographical locations.

Over the years, Oriental Group has accumulated extensive market knowledge, allowing us to tailor our services to meet client requirements. Our emphasis on delivering quality, enhancing efficiency, boosting productivity, and ensuring profitability is upheld by a team of highly motivated professionals with expertise and training in their respective fields.

At Oriental Group, we are committed to adhere to rigorous policies such as Quality Assurance, Safety, Statutory Compliance, Training, Continuous Improvements, and more. These elements are integral to our daily operations, contributing significantly to enhancing our clients' businesses. As a testament to our commitment, we are proud to be an ISO 9001, 14001, 18000, 26001, 27001, and 45001 certified company, assuring the fulfillment of our commitments to safety and compliance.

## OUR VISION

To be one of the top Facility Management company in India exceeding expectation of all our stakeholders.

## OUR MISSION

To delight our customers by providing more than their expectations. To ensure all round growth and development of all our stakeholders.

# OUR SERVICES

## FACILITY MANAGEMENT

Comprehensive maintenance and management of both commercial and residential spaces. Our services encompass housekeeping, pantry staff, lift operators, electricians, carpenters, plumbers, drivers, parking attendants, security guards, façade cleaning, gardeners, and more. We offer a one-stop solution to address all your facility management requirements.

## CLEANING & HOUSEKEEPING SERVICES

We specialize in a range of cleaning services including housekeeping, deep cleaning, carpet cleaning, vacuum cleaning, facade cleaning, sanitization, pest control, and floor cleaning. Our expertise lies in both manual and mechanized cleaning methods, catering to a variety of spaces such as residential societies, commercial areas, shopping complexes, showrooms, warehouses, shops, and offices.

## SECURITY GUARD SERVICES

We offer qualified and trained security guard services, including corporate security services, industrial security guard services, domestic security guard services, project and event security services, personal bodyguards, and security for events and functions. Additionally, we provide gunman and ex-defense security services.

## MANPOWER & PAYROLL SERVICES

We provide all types of skilled and unskilled staff on a contractual basis, in a cost effective manner. Our skilled staff encompasses technical personnel, data entry operators, office assistants, peons, farm labours, and teachers etc for day-to-day office tasks. We also provide HR & Payroll outsourcing services, covering the entire spectrum from recruitment to resource onboarding formalities, starting from offer letters and statutory compliance till the exit formalities.

# OUR SERVICES

## CIVIL WORKS & MAINTENANCE

Civil and Construction work for Government as well as Private Sectors using cutting edge technologies. In house Civil Engineer team for task planning and execution of wide range of capabilities carried out by dedicated professionals operating as an experienced team for government as well as private sector. The industry's most accomplished civil, structural, and environmental engineering work with advanced technology to assure each client the highest level of competence and performance with in house team.

## DREDGING & MINING SERVICES

Committed to eco-friendly practices, our company undertakes water dredging activities using our own in-house vessels, environmentally safe bucket Dredgers and other Equipments. This method enhances river depth for reduced flood risks and expanded ship pathways. Our approach ensures minimal environmental impact, eliminating underwater deposits and clearing pathways. The company's dedication to sustainability extends to owning assets and infrastructure that prioritize environmental safety and contribute to the creation of vital structures like bridges, dykes, and dams, while simultaneously eliminating pollutants and silt from water bodies.
